SUMMARY

A passionate and adaptable Computer Science Engineering student with a strong foundation in programming, cybersecurity, and creative problem-solving. I enjoy bridging technology with design to build efficient and visually appealing digital solutions. With hands-on project experience, certifications, and a proactive learning mindset, I aim to contribute innovative ideas and reliable performance to every challenge I take on.

PROFESSIONAL EXPERIENCE

Game Developer | AJ Global Company

May 2024 – July 2024

- Developed and implemented core game mechanics using Unity and C#, contributing to the functionality and playability of game projects.

Cybersecurity Intern | The Cyber Crime Police Headquarter Jaipur

June 2025 - August 2025

- Assisted in cybercrime investigations and digital forensics at Police Headquarters
- Contributed to real-world projects, including vulnerability assessments and penetration testing on enterprise networks

PROJECTS

Keylogger Detection

April 2025

- Built a simple program to track keyboard keystrokes.
- Learned how keyloggers work and collect user input.

Network Scanning Tool (Nmap GUI) Using Python

December 2024

Developed a GUI wrapper to simplify Nmap network scanning
Automated detection of open ports and running network services

SKILLS

Languages	: Python, SQL , C#
Developer Tools	: Wireshark, Nmap, Burp Suite, Kali Linux : VS Code, Visual Studio, PyCharm , Unity
Technical Skills:	: Networking Basics, Cybersecurity Concepts, HTML, CSS, JavaScript (Basic), Windows, Linux (Kali)
Soft Skills	: Adaptability , Approachable , Time Management

EDUCATION

Rajasthan Technical University , Kota	November 2022 – May 2026
Bachelor in Technology in Computer Science Engineering	CGPA - 7.56(Till V Sem)

CERTIFICATIONS

- Pursuing Google Cybersecurity Certificate on Coursera to build strong foundational and practical security skills.
- Earned a certification in python.
- Certified Ethical Hacker I EC COUNCIL
- Certificate of the Cybersecurity Analyst Job Simulation
- Certificate of Coursera Project: Create a Lead Generation Messenger Chatbot
